## Severe Sadness & Hormone Support

I took Essanté Organics Bee Natural and Omega 3,6,9 Vital Oils daily. After 4 weeks my doctor decreased my sadness medication. With the help and care of my doctor, soon after it got even better. I have great news: I no longer need to be on sadness medication.

## Hair Loss, Skin & Hormone Support

2 months after delivering my 3rd son, and to my great surprise, I began to lose CLUMPS of hair. As a proud Latina woman, I loved my thick voluminous hair and I was watching handfuls of it detach effortlessly (in & out of the shower). My hairline was receding further and further back. I ended up seeing 2 HUGE bald spots on both sides of my head... yes... I was BALDING at 29 years old! I was already consuming and loving Essanté Organics 7.365 pH Protein Shake but what else could I do? Individuals RAVED about Bee Natural and it had supported my son's skin issue, so I began taking them too. 4 tabs daily.

## Blood Sugar Support

I've been taking Essanté Organics Bee Natural, Earth Greens and Super Reds daily for 4.5 years. My health improved immediately and over time. Before, I was taking 9 prescriptions and my A1c was 9.3 (type 2 blood sugar test). Now, with my doctor's help I take 1.5 prescriptions and my A1c is 7. I love these supportive, organic and non-GMO products by Essanté Organics and so does my doctor.

## Hot Flash and Immune Support

I started menopause early in my 40s.

Every woman I knew:

(1) already had a hysterectomy,  
 (2) was getting endometrial ablation (where they cauterize the flesh inside of you), or (3) was on dangerous, synthetic hormone therapy. I thought, this is all crazy! There has to be a natural way to support a woman through hot flashes and menopause. I am so thankful I found Essanté Organics Bee Natural. No more hot flashes. And I still have all my parts and have never had a single hormone therapy or drug.

3 WEEKS LATER I could see Essanté Organics Bee Natural supplements were supporting HAIR GROWTH. 2 months later and my bald spots were gone. I now have healthy hair and follicles.

## Weight Loss, Cholesterol & Blood Pressure Support

I believe Essanté Organics quality nutritional products helped support an environment for my body to detox & burn fat more efficiently (without exercise). I lost 100 pounds while supporting my cholesterol & blood pressure. My doctor was so impressed he cut my meds by 50%.

## Sinus & Swelling Support

Thrilled & a little in shock. I've lived with debilitating sinus swelling for years that would escalate to fever, dizziness, nausea & fainting. Netti pots, nasal sprays, antibiotics & meds never helped. This time I turned to Essanté Organics Bee Natural. My sinuses were GOOD in 2 days! Beyond happy!
