Athletic Performance, Strength, Mental Focus & Immunity

Me and my boys, Camron and Taylor, have been using Essanté Organics Super Reds, 7.365 pH Shake, and Earth Greens for two years now, and in that time, all of us have had 100% immunity support (and we do not do the flu shot). These products have also helped support the boys' strength training, mental focus, and athletic performance. Camron has become a pro skateboarder at age 15. And both of the boys (Taylor is 14) just received four big-time sponsorships for their wake surfing careers including a boat dealer sponsor. This means they will be able to make money doing what they love! In fact, they just won the Worlds in Wake Surfing!

Blood Sugar Support

I've been taking Essanté Organics Super Reds, Bee Natural, and Earth Greens daily for the past 4 1/2 years. My health has improved so much throughout this time period. My doctor had me taking 9 prescriptions, and my A1c was 9.3. My doctor now has me taking 1 1/2 prescriptions, and my A1c is 7. I love how Essanté Organics products support me and so does my doctor.

Immunity & Lung Support

Over this past holiday my Grandkids were home sick from school. They had severe colds with a fever or perhaps it was the flu. My husband, as well as all of the relatives in the kids' house, also became sick. Unfortunately, one of the older people ended up in the hospital. I was so lucky to avoid getting even so much as a cough or congestion. From the time I was a child, it's been my experience to go right into bronchitis from these things. Thank you Essanté Organics for great immunity support! I believe I escaped a sick and feverish holiday with the supportive combination of Super Reds, Bee Natural, Earth Greens, and the essential oils I diffused. Off to a healthy new year!

Immunity & Scar Support

I have been using Essanté Organics' products for three years. I love the Super Reds, Earth Greens, and personal care products. My health has improved dramatically with the support of these products (as has my wife's). I had a 15-inch surgical scar from a surgery in 2012. Soon after taking Essanté's products, I began to notice my surgical scar was going away. It took 15 months, but my scar is now down to about 1/4 inch. I was stunned to see the results. Read your labels. These are great products!

Energy & Muscle Support

Essanté Organics Super Reds is great! It makes my life so much better. I am enjoying the boost to my overall health, now that I am taking the Super Reds on a daily basis. I wake up without sore muscles and strange aches. I sleep so much better, and I have so much more energy than before. I've already ordered my second container of Essanté Organics Super Reds because of all this great support!

Blood Sugar Support

I did not pass a glucose tolerance test during pregnancy. My blood sugar was off. My doctor told me we'd test for diabetes a couple weeks later. During the past two weeks I have been using Super Reds and Earth Greens every day. I took my glucose tolerance test yesterday and my doctor shared that I passed my test and the results were not even close to where they were during my first test! She said whatever I was doing to keep it up.
