Guaranteed weight loss and increased energy.

Directions

SLIM-DOWN DIRECTIONS

1/2 hour before each meal drink 8oz of water with 1 Power-Pop. Water is needed to activate each Power-Pop.

SNACK DIRECTIONS

Follow the above directions then, to flush the active ingredients, drink a 2nd glass of water after having your Power-Pop.

Active Ingredient Benefits

GUARANA

This ingredient contains more caffeine than coffee, however the effect is different. Unlike coffee, Guarana's natural caffeine is released slowly, thus it delivers a long-term, consistent energy boost and effect. Power-Pops do not cause the "high and low crash" associated with coffee. Studies show Guarana supports sustained energy, metabolism, weight loss, concentration, and anti-aging.

GARCINIA CAMBOGIA

Studies show this ingredient supports digestion, appetite suppression, and athletic performance.

DEHYDRATED BEET JUICE

This ingredient boosts nitric oxide throughout your body. Studies show it supports circulation, immunity, the cardiovascular system, and nerve health.

Flavors

(GLOBE-SHAPED) POWER-POP FLAVORS

These are being phased out because customers requested no corn syrup and no sugar. Please call our office at 1 (602) 595-7560 to determine which flavors remain and are still shipping.

(DISK-SHAPED) POWER-POP 2.0 FLAVORS

These are being phased in. We now offer Banana Guava, Elderberry, Green Apple, Pineapple, and Pink Lemonade. Power-Pops 2.0 are sweetened with organic stevia and dehydrated beet juice instead of corn syrup and cane sugar. Please call our office at 1 (602) 595-7560 to determine which flavors will be added next.
