

NATURE'S ALL-IN-ONE
DISINFECTANT

Sanitizer

PURE & SAFE STABILIZED OXYGEN

For Hands, Body & Surfaces

1 fl oz

29.5ml

Throw away every harmful cleaning agent & wound cleanser you own, because nothing can live in pure stabilized oxygen, Sanitizer's 100% safe & powerful active ingredient. All-in-one Sanitizer is quick and easy to use. It safely & clinically stops 99% of bacteria, viruses, pathogens, parasites & fungi listed on the online efficacy sheet.

Safe for the home, office, school & gym: Enjoy a sanitized, streak free shine from windows to floors & on every surface in between. Safe for all surfaces including granite, cooking surfaces & baby toys.

Safe for produce: Use to cleanse fruits & vegetables.

Safe for the body: Spray from head to toe on cold sores, hands, skin conditions, nail conditions, wounds, scrapes, etc. Add Sanitizer to your cold fighting regimen. Safe for newborns, nursing moms, all ages & all skin types.

Directions: Spray & leave for 1 minute & wipe dry or let fully dry for maximum results. Keep out of high temperatures. Store in original light-proof container. Best when stored in a cool dark area.

Additional recommended products: Order the trigger sprayer for 8 oz Sanitizer #SA012, for faster cleaning. Order travel size Sanitizers #031, for your purse, desk drawer, diaper bag, gym bag, etc.

Ingredients: Purified Water, Sodium Lauroyl Sarcosinate (Coconut Derived)[†], Sodium Chlorite (Stabilized Active Oxygen)^{††}.

[†] No nitrosamine contributors

^{††} Bio-degradable cleanser that breaks down into salt

All ingredients 100% non-GMO plant/mineral derived.
